

# Bradfield Parish Council

## CLLr Vickie Priestley

Firstly on a very sad note, former Parish Councillor Peter Butler passed away last month he had served the Council for 18 years and was a well respected member of the Parish Council not only for Stannington Ward but for the whole Parish our thoughts are with his family.

On a lovely summers day in July Stannington Park was the venue for a Garden Party it was well attended with lots to see the main aim of the event was to try to get more volunteers involved in Action for Stannington and the Pavilion Project with the prospect of organising a Gala hopefully next year. The organisers of the event did a fabulous job, Stannington Brass Band entertained and there were raffles and lots of stalls selling all sorts of food something for everyone. It was a most enjoyable day.

The Parish Council is happy to welcome a new addition to Coronation Park, the Little Bean Machine, we wish Josie every success.

September 2022

## Little Bean Machine arrives in Coronation Park

The coffee van is a welcome addition to the Park and is proving very popular with visitors. Go along a grab a coffee while you entertain your children or walk your dog. The proprietor Josie and her daughter Isobel give a warm welcome to their customers.

Josie is on holiday in September and will be back in the Park on Sunday the 11th. The new hours for September will be Wednesday, Friday, Saturday and Sunday 10am to 4pm closed Monday, Tuesday and Thursday.

## Friends of Glen Howe Park

The Friends of Glen Howe Park is a voluntary group that aims to preserve the history of the park whilst seeking to maintain and improve some of the features of this amazing secret gem of Sheffield.

Set up just over a year ago, we have already secured grant funding to help but some tools for work and to replace the original heritage sign at the entrance to the park.

We hold monthly activity days and have recently dug out a lot of silt out of one of the ponds and cleared the tennis courts from 40 years of overgrowth. This is now a more usable space and we are hoping to use it for some community events in the future.
